Expert C Programming: Deep C Secrets By Peter van der Linden Introduction C code. C code run. Run code run!please! "Barbara Ling All C programs do the same thing: look at a character and do nothing with it.

Expert C Programming - Electroons.com

Pair programming is an agile software development technique in which two programmers work together at one workstation. One, the driver, writes code while the other, the observer or navigator, reviews each line of code as it is typed in. The two programmers switch roles frequently. While reviewing, the observer also considers the "strategic" direction of the work, coming up with ideas for ...
