Desertification is a type of land degradation in which a relatively dry area of land becomes increasingly arid, typically losing its bodies of water as well as vegetation and wildlife . It is caused by a variety of factors, such as through climate change (particularly the current global warming) and through the overexploitation of soil through human activity.

The Turkish Land Forces (Turkish: TÃ¼rk Kara Kuvvetleri), or Turkish Army (Turkish: TÃ¼rk Ordusu), is the main branch of the Turkish Armed Forces responsible for land-based military operations. Official sources trace the army's foundation to Modu Chanyu of the Xiongnu Empire in 209 BC, but the modern history of the army began with its formation after the collapse of the Ottoman Empire.
