What is Personality? Personality is an easy concept to grasp for most of us. It's what makes you "you". It encompasses all the traits, characteristics, and quirks that set you apart from everyone else.. In the world of psychology research, personality is a little more complicated.

Big Five Personality Traits & The 5-Factor Model Explained

The Big Five personality traits, also known as the five-factor model (FFM) and the OCEAN model, is a taxonomy for personality traits. It is based on common language descriptors. When factor analysis (a statistical technique) is applied to personality survey data, some words used to describe aspects of personality are often applied to the same person. For example, someone described as ...
