In mid-August 1805, Lewis and three other members of the Corps of Discovery had left the main group behind in search of native inhabitants of the area, heading toward Beaverhead Rock. On August 12, this small group came to Lemhi Pass, a two-mile span stretching across the present-day border between Montana and Idaho.

Death is the end of life in an organism. All biological and living activity of the living thing stop, including the mind and the senses. The usual signal for death in humans and many other animals is that the heart stops beating and cannot be restarted. This can be caused by many things. All living things have a limited lifespan, and all living things eventually die.
