Indian council of Agriculture Research (ICAR) is the largest scientific organisation in India with most number of research institutes. ARS NET exam is the only life science exam in India that allows you to become a Scientist in ICAR institutes all over India with just the qualification of M.Sc in the concerned subject. That itself tells the importance of this exam.

Polyploidy is the state of a cell or organism having more than two paired sets of chromosomes. Most species whose cells have nuclei are diploid, meaning they have two sets of chromosomes " one set inherited from each parent. However, polyploidy is found in some organisms and is especially common in plants. In addition, polyploidy occurs in some tissues of animals that are otherwise diploid, such ...

Meiosis (/ m aÉa È oÊŠ s Éa s / ()); from Greek Î¼ÎµÎ¯Ï¸Î»Î»Î», meiosis, which means lessening) is a specialized type of cell division that reduces the chromosome number by half, creating four haploid cells, each genetically distinct from the parent cell that gave rise to them. This process occurs in all sexually reproducing single-celled and multicellular eukaryotes, including animals, plants ...
