

**quaternary of south america pdf**

Quaternary (/ k w ɛˈt ɔːr n ɪ /) is the current and most recent of the three periods of the Cenozoic Era in the geologic time scale of the International Commission on Stratigraphy (ICS). It follows the Neogene Period and spans from 2.588 ± 0.005 million years ago to the present. The Quaternary Period is divided into two epochs: the Pleistocene (2.588 million years ago to 11.7 ...

**Quaternary - Wikipedia**

The Quaternary glaciation was the first ice age to be demonstrated to have occurred in the field of geology, thus proving ice ages were possible.
