Recreational mathematics is mathematics carried out for recreation (entertainment) rather than as a strictly research and application-based professional activity. Although it is not necessarily limited to being an endeavor for amateurs, many topics in this field require no knowledge of advanced mathematics.

Recreational mathematics - Wikipedia

Recreation is an activity of leisure, leisure being discretionary time. The "need to do something for recreation" is an essential element of human biology and psychology. Recreational activities are often done for enjoyment, amusement, or pleasure and are considered to be "fun

Building a Glitterhouse. Note from Editor: Howard Lamey, in Jacksonville, Florida, has retired from a full-time job in advertising that included designing window displays for a major retailer. Now he has turned those artistic talents to designing and building vintage-style cardboard buildings for his family and friends. Howard is building his own site, but he has graciously agreed to share ...
