regional economic integration and pdf

Economic integration is the unification of economic policies between different states through the partial or full abolition of tariff and non-tariff restrictions on trade taking place among them prior to their integration. This is meant in turn to lead to lower prices for distributors and consumers with the goal of increasing the level of welfare, while leading to an increase of economic ...

Economic integration - Wikipedia

The Regional Economic Communities (RECs) in Africa group together individual countries in subregions for the purposes of achieving greater economic integration. They are described as the 'building blocks' of the African Union (AU) and are also central to the strategy for implementing the New Partnership for Africa's Development (NEPAD).
