Piano pedagogy is the study of the teaching of piano playing. Whereas the professional field of music

education pertains to the teaching of music in school classrooms or group settings, piano pedagogy focuses on the teaching of musical skills to individual piano students. This is often done via private or semiprivate instructions, commonly referred to as piano lessons.

Robert, though your organization focuses on developing countries, I believe that the title 10"Global" trends is accurate. While preparing an E-learning in Africa paper, it was interesting to see the common challenges of effective ICT adoption are also in play here in North America, and the change in pedagogy has been slow.

Play is essential to development because it contributes to the cognitive, physical, social, and emotional well-being of children and youth. Play also offers an ideal opportunity for parents to engage fully with their children. Despite the benefits derived from play for both children and parents, time for free play has been markedly reduced for some children.
