Supporting massive network traffic. Reliance Jio added 160M subscribers in a world record-breaking 18 months. And supported 10 times the Internet capacity of the world's largest providers.

Service Provider Network and Technology Services - Cisco

In computer networking a routing table, or routing information base (RIB), is a data table stored in a router or a networked computer that lists the routes to particular network destinations, and in some cases, metrics (distances) associated with those routes. The routing table contains information about the topology of the network immediately around it. . The construction of routing tables is ...
