This is the most unusual and riskiest part of the inquiry. The aim is not just to investigate by increasing the number of openings, as in the second stage, but to be able to come to some kind of provisional conclusions that will be a function of progress made between the – interim report – of 2012 and the status of the on-going questions that will have come to light in the process.

An Inquiry Into the Modes of Existence

DCNR and its partners are monitoring and working to adapt and mitigate impact on Pennsylvania's plants, animals, and landscape.
