scientific and philosophical writings pdf

The philosophical underpinnings of the Scientific Revolution were laid out by Francis Bacon, who has been called the father of empiricism. His works established and popularised inductive methodologies for scientific inquiry, often called the Baconian method, or simply the scientific method. His demand for a planned procedure of investigating all things natural marked a new turn in the ...

Scientific Revolution - Wikipedia

Scientific racism (sometimes referred to as race biology), is the pseudoscientific belief that empirical evidence exists to support or justify racism (racial discrimination), racial inferiority, or racial superiority. Historically, scientific racist ideas received credence in the scientific community but are no longer considered scientific. Scientific racism employs anthropology (notably ...

absolutism “ the position that in a particular domain of thought, all statements in that domain are either absolutely true or absolutely false: none is true for some cultures or eras while false for other cultures or eras. These statements are called absolute truths. A common reaction by those ...

Appendix:Glossary of philosophical isms - Wiktionary

A Take Home Message. Gratitude is a human emotion that can be most simply defined as appreciation or acknowledgment of an altruistic act. Historically, philosophers have suggested that gratitude is one of the most important human emotions for the success of the society, and religious and spiritual thinkers have suggested that it is a crucial aspect of religious and spiritual life. Modern ...
