This is a list of links to articles on software used to manage Portable Document Format (PDF) documents. The distinction between the various functions is not entirely clear-cut; for example, some viewers allow adding of annotations, signatures, etc.

List of PDF software - Wikipedia

Software product management (sometimes also referred to as digital product management or, in the right context just product management) is the discipline of building, implementing and managing software or digital products, taking into account life-cycle considerations and an audience. It is the discipline and business process which governs a product from its inception to the market or customer ...
