In response to the early criticisms of the trait approach, theorists began to research leadership as a set of behaviors, evaluating the behavior of successful leaders, determining a behavior taxonomy, and identifying broad leadership styles. David McClelland, for example, posited that leadership takes a strong personality with a well-developed positive ego.

The Man Without Qualities (German: Der Mann ohne Eigenschaften; 1930–1943) is an unfinished modernist novel in three volumes and various drafts, by the late Austrian writer Robert Musil. It is typically considered to be one of the most significant novels of the twentieth century. The novel is a "story of ideas", which takes place in the time of the Austro-Hungarian monarchy's last days, and ...
