Rise of Nations is a real-time strategy video game, developed by Big Huge Games and published by Microsoft Game Studios in May 2003. The development was led by veteran game designer Brian Reynolds, of Civilization II and Sid Meier's Alpha Centauri. The game has taken several concepts from turn-based strategy games such as territories and attrition warfare.

Progress is the idea that advances in technology, science, and social organization can produce an improvement in the human condition, and therefore that entire societies, and humanity in general, can improve in terms of their social, political, and economic structures. This may happen as a result of direct human action, as in social enterprise or through activism, or as a natural part of ...

County commissioner elections donâ€™t always generate the interest that a hotly contested race for mayor or state representative might. Yet county government actions are consequential: many decisions about criminal justice, housing, public health, and environmental protection fall to county government to resolve.
