Most importantly, it is an envisioning of theology as nourishment: food as theology and theology as food. Alimentary theology is envisioned as food for thought; it addresses some of the spiritual and physical hungers of the world, and seeks ways of bringing about nourishment.

The Theology of Food: Eating and the Eucharist

The links between religion and food have been known for centuries, and yet we rarely examine or understand the nature of the relationship between food and spirituality, or food and sin. Drawing on literature, politics, and philosophy as well as theology, this book unlocks the role food has played within religious tradition.

Well, I thought about this, Tony. What seemed to be helpful here would be to just take five passages of Scripture and bullet them as a kind of primer on a theology of food, which will function, then, as a kind of protection against idolatries of the misuse of food. So food's proper and improper place in our lives growing out of these texts.
