

### **theology technology pdf**

The Internet is the "new technology" that the church needs to utilize! From the book "Flickering Pixels: How Technology Shapes Your Faith" (by Shane Hipps) . We often refer to "the media" and think of TV channels, magazines, radio stations, newspapers, books, and the Internet. But even this definition is too limited.

Susan White and others demonstrated how the history of Christian liturgy in the West has reflected, even tracked, the history of technology. Further linking theology and technology, Ivan Illich proposed that the very rise of modern Western technological culture can be traced to medieval debates about the mechanism of change in the bread and wine of the Eucharist.
